FIRST BAPTIST CHURCH IS BURNED TO THE GROUND.

Firemen Do Good Work in Saving the Adjoining Buildings--Loss Will Be \$40,000 With \$17,000 Insurance--Church Will Be Rebuilt.

The First Baptist Church on the southeast corner of Brush and Fourteenth streets, was destroyed by fire last night. Nothing but the four walls were left standing. The loss is estimated at \$40,000 with \$17,000 insurance.

At 10:05 o'clock last night an alarm was turned in by a pedestrian. The flames spread rapidly along the four walls of the edifice. By the time the Fire Department arrived upon the scene the flames were bursting through the rear and front part of the church. The tall, tapering spire of the church seemed to be the objective point of the flames. The fire twisted itself around the slender steeple like a serpent. The lurid flames shot hundreds of feet into the air, illuminating the entire city with a baleful glare.

Strenuously did the firemen go to work. Every engine in the city responded to the general alarm. A glance at the blazing building showed the holy edifice to be doomed. Fire Chief N. A. Ball directed his men with skill. Four streams of water were thrown into the flames from four different quarters. The plans of battle was to keep the flames within the doomed house of worship and prevent them from communicating to the adjoining buildings.

W. W. Foote's residence south of the church is but six feet from the burning building and it required hard work on the part of the fire-fighters to save the attorney's handsome dwelling which is valued at \$20,000.

Another building owned by the church, 719 Fourteenth street stood but ten feet from the east wall of the church. This building, without much damage by the firemen, was saved by the firemen.

That the handsome residences on the north side of Fourteenth street were not consumed by the flames was due to the powerful stream thrown by Engine No. 1. Tons of water were hurled against the front of the church and the lapping flames were driven inside the building.

SPECTATORS FASCINATED. Hundreds of spectators were fascinated by the tapering spire, which threw its ruddy light high into the heavens. The weather beaten spire, dried by the winds of a third of a century, was like a tinder box. It was loaded to and fro by the intensity of the blast from the fiery furnace beneath. The timbers cracked, scayed in the wind and the entire structure writhed in the clutches of the fiery monster. Despite the vigorous efforts of the police the great throng pressed forward fascinated by the beautiful picture. For twenty minutes the slim pinnacle of fire was rocked backward and forward. When at last the wavering tower veered from right to left and began to fall, the closely packed spectators made frantic efforts to get out of harm's way.

Not so with the firemen of hose No. 1. They stood their ground and threw a stream of water on the tower as it fell toward them. Not an inch did they move until the flaming mass was within thirty feet of them, with one accord they dropped to one side. James Carroll, one of the firemen slipped and fell. It appeared to the spectators that he had been buried beneath tons of the burning debris. The huge spire in falling snapped a dozen live wires belonging to the Oakland Transit Company. Despite the tangle of wires, crackling rafters and intense heat, Carroll's comrades sprang to his rescue and snatched him from his perilous position.

The names of the firemen who stood by their posts so courageously were James Bell, James Hanley, Samuel Short, J. V. McCarthy, Michael Hanley, Edward Kelley and E. O'Brien. James Casey, a fireman at work on

the southern wing of the building, was struck with falling timbers and was so badly injured that he had to be removed from the scene.

August Clausen, a sailor, was hit with a beam. His arm was broken. He was treated at the Receiving Hospital.

CAUSE OF THE FIRE. There are two explanations of the fire. It may have been caused by a defective duct in the furnace which was used to heat the baptismal font, used in immersions. The other explanation is that the electric wire used in lighting the gas may have caused the catastrophe.

HISTORIC STRUCTURE. The church was built in 1859 at a cost of \$35,000. There was recently installed a new organ at a cost of \$4,000. Both the organ and building were partially insured.

The insurance altogether amounts to \$17,000.

Rev. Dr. Vosberg, pastor, believes the church will be rebuilt, as the members of the congregation have had this idea in view for a long time.

The bulk of the insurance was with the Imperial and North American companies.

At 719 Fourteenth street, next door to the church, is a two-story frame dwelling unoccupied, which was slightly damaged. It is owned by the church, having recently been bought with the Gray memorial fund. The playhouse residence, Fourteenth and Castro streets, was not damaged.

The residence on the north side of Thirteenth street that was in danger were those of Mrs. J. T. E. Farnum, Mrs. J. West Martin, Fred Taylor and Edward Taylor.

Flying sparks from the fire set the roof of B. Pay's residence, Seventeenth and Grove streets, ablaze. An alarm sent engines from the church. There was slight damage.

FELL ON HEAD, ESCAPED INJURY

BABY'S MIRACULOUS ESCAPE AFTER A TWENTY-TWO FOOT FALL.

Joy Blake, a baby two years of age, fell 22 feet yesterday and miraculously escaped injury notwithstanding that the innocent fell upon his head.

The accident took place at the home of the little one's parents at Tenth and Franklin streets where Joy was playing on a veranda. He leaned over the banister and lost his balance and fell to the ground. He was rendered unconscious from the shock. It was feared that he was killed outright.

When examined at the Receiving Hospital, only a few small bruises were found upon the scalp. A slight concussion of the brain was sustained but from that the boy speedily rallied and was then taken home.

LEARN HOW To Feed Yourself Skillfully.

It is easy to use good food and get well and keep that way, but a person must so about it.

A lady says: "I had a dreadful time of it before I learned how to feed myself properly. I suffered with stomach trouble for about ten years and finally got so bad that terrible pains would set in, followed by nauseating sickness in the stomach and bowels."

"Sometimes I would bloat up and would have to lie flat on my back. My stomach finally got so bad that it would throw up everything I ate and, of course, I lost weight and strength rapidly. I became pale. Blood was out of order and I looked like a skeleton finally."

"One day neuralgia set in the stomach and liver and I went right down to death's door. I got so bad that even warm water was thrown up the stomach which would hold absolutely nothing until I began taking Grape-Nuts in small quantities."

"My father had been accustomed to Grape-Nuts and knew of the value of the food and began giving it to me. I immediately began to improve, and the stomach retained the food and digested it. I gradually grew well again and now I can eat a hearty dinner of almost anything. I have gained thirty pounds in weight. My brain is clear, my skin beautifully white, and my eyes as bright as crystal when I used to be as low as a dog with liver trouble. Please do not publish my name." Name given by Postum Co., Battle Creek, Mich.

REAL ESTATE MEN MEET THIS EVENING

There will be a meeting of the Oakland Real Estate Agents' Association this evening in the rooms of the Board of Trade, at which it is expected all the members will be present.

Reports will be made by committees which have been considering feasible means of making the city more beautiful and attractive. One of these reports will be as to the advisability of discarding signs of "for rent" or "for sale" on houses and lands in this city.

The organization is progressive and energetic and a great deal of good for Oakland is expected from it.

THEY MET AT FRUITVALE

WHIST CLUB ENJOYS AFTERNOON AT THE RESIDENCE OF DR. J. H. CALLEN.

FRUITVALE, Aug. 11.—The residence of Dr. J. H. Callen of this place was the scene of a pleasant gathering last Friday, when the members of the Twentieth Century Whist Club of San Francisco met there for the purpose of enjoying their favorite game.

An interesting afternoon was spent by the women, who were delightfully entertained by Mrs. Callen, who is a member of the club.

The following members were present: Mrs. G. P. Browne, Mrs. E. Robinson, Mrs. E. M. Morse, Mrs. J. H. Callen, Mrs. E. H. Cockburn, Mrs. W. H. Smith, Mrs. W. P. Leeman, Mrs. C. A. Harris, Mrs. T. W. Armstrong, Mrs. A. J. Henry, Mrs. Hattie Goodrich, Mrs. J. H. Callen.

WILL ADOPT MEMBERS. Ah Wah Nee Tribe of Red Men of this place will hold an adoption next Friday night, when four pale faces will be initiated into the order. Preparations for the event are now in progress and the members contemplate an enjoyable evening. Following the business of the occasion, a banquet will be served.

DELEGATES TO LODGE. Ah Wah Nee Tribe Improved Order of Red Men has selected the following delegates to represent the Tribe at tomorrow's Grand Lodge which will meet in San Francisco: John Bridge, Frank Thompson, E. C. Carlson and Frank Orra.

HE HAS RETURNED. John Taylor, the well-known broom manufacturer of this place, has just returned from a several weeks' vacation spent at Byron Springs.

PUBLIC SCHOOLS OPENED TODAY

The public schools opened today for the fall term with both an increase in the number of teachers and pupils.

ELMHURST HAS NEW LODGE.

ANCIENT ORDER OF UNITED DRUIDS ORGANIZE IN COUNTRY TOWN.

ELMHURST, Aug. 11.—Elmhurst has another fraternal organization in Elmhurst Grove No. 113, Ancient Order of United Druids, the first officers of which were publicly installed last Saturday night at Red Men's Hall.

The installation exercises were attended by a great many visiting lodges, principal among which was a large delegation from Oakland Grove, No. 24.

Several grand officers were also present.

Past Arch Association of San Francisco performed the ceremonies connected with the installation of the officers.

The installation of this order in Elmhurst was largely due to the efforts of Charles Giovanni and Grand Guardian J. L. Contate, both of whom are residents of this place, and have worked towards effecting the order since the Grand Lodge met several months ago.

DELEGATES TO COUNCIL. The Great Council of the Improved Order of Red Men will meet in San Francisco tomorrow, where it will hold forth for several days. Comanche Tribe of Elmhurst will be present at the Council by the following delegates: J. D. Armstrong, Charles Pennock, J. G. Slickly and Henry Morgan.

OAKLAND VISITOR. Miss Rose Kenting of Oakland was a recent visitor in Elmhurst.

SAN FRANCISCO VISITOR. J. A. Johnson, a well-known merchant of San Francisco, was visiting friends in town recently.

REPAIRING NEEDS

If you stop and think it over we venture to say you will recall many things about the house that need "fixing."

Maybe some tinware needs soldering, or a leaky faucet requires a new washer; the tin roof may have a leak and it should be repaired now; the filter would work better if cleaned; the cook stove needs a new back or grate; some gas jet may be leaking; the garden hose has a small hole in it, etc., etc.

You see there lots of things that require attention. We can put these articles in first class shape and the cost will not be much either. If you wish, we will bring the things to the shop, make the repairs and send them back.

EARTHQUAKE EARLY THIS MORNING.

OAKLAND AND BERKELEY FEEL
THE EARTH SHAKE
AT DAWN.

BERKELEY, August 11.—With a record of six earthquake shocks following one upon another in the course of a week, Berkeley may claim some honor with Los Angeles as a center of seismic disturbance.

The strange part of it is that although the seismometer of the students observatory of the University of California has recorded the shocks with an unflinching regularity, yet the citizens of the town with the single exception of the disturbance at 6 o'clock this morning, have been absolutely ignorant of their occurrence.

The explanation is that they have all been very silent, scarcely more than a mere trembling of the ground. The magnitude of this morning's wave, which was the heaviest shock thus far experienced, was but one-tenth of a millimeter.

The astronomers of the University observatory do not believe that there is any connection between the shocks experienced during the last week and the Los Angeles disturbances. During the earthquake period in the latter place, they say, the seismometer recorded a number of shocks in Berkeley. As the Los Angeles county is quite the latter disturbances would seem to result from a dislocation of the strata in other parts. Exactly where this dislocation is can only be determined from the records registered by seismometers in different parts of the territory disturbed.

The uniform direction of the earth wave during the whole series of shocks has been southwest.

The shock at 6 o'clock this morning was plainly felt in this city. No damage was done.

OLD REGISTER AT THE PRIMARIES

FAILING TO REGISTER AUGUST 22
DOES NOT DISFRANCHISE
VOTERS OF 1902.

All voters who were registered on the Great Register at the last general election in 1900 and who have not changed their residence during the interval, will be entitled to vote at the primary election to be held in the county tomorrow.

This is the opinion given out this morning by District Attorney Allen. His position is supported by an opinion handed down by the Attorney General two years ago. Under the law the question was raised by the County Clerk's office.

It was announced, when the primary registration closed on August 2 last, that only those who had registered up to that time, this year, would be entitled to participate in the primary election next Tuesday.

This is a mistake, according to the District Attorney. Everyone who is on the Great Register of 1900 will have a right to cast a vote.

This opinion of the District Attorney will have the effect of upsetting many calculations. When registration for the primaries closed on August 2, it was announced that voters who would lose their votes for failing to register, out of 20,000 voters, it will be remembered, that approximately 10,000 registered. But the District Attorney's opinion only those who have changed their residences will be barred from participating in the primaries in event of their having failed to register.

Deputy District Attorney Samples looked up the law and said that the provisions of Section 1115 of the Political Code provided that all voters, on the Great Register at the preceding general election, were entitled to vote at the primaries. Deputy Samples interpreted the section as follows:

"Every person is entitled to vote at this primary election whose name is on the Great Register of 1900 and who has not changed their residence during the interval. Not only the supplemental register gotten out by the County Clerk, but the Great Register used at the last general election must be furnished to the Board of Election so as to show the names of all voters entitled to vote at the primaries."

The section on which this basis went into effect at March 1, 1900, and had not been amended since.

Mr. Allen's interpretation of the law.

BERKELEY AND STATE UNIVERSITY.

College Professor Ar- New Term at the Col-
ranging to Make lege Will Begin on
Some Remarkable Thursday
Experiments. Next.

Tribune's Branch Office, 2121 Stanford Place. Telephone Derby 31.

BERKELEY, August 11.—Dr. F. W. Bancroft, Instructor in Physiology in the State University, is engaged at the present time in a series of experiments, the results of which will be of the utmost importance, determining the question of whether characteristics acquired during the lifetime of a parent are transmitted to the offspring.

The experiments will be of interest not only to the scientific world, but also to the mass of the people, in that direct light will be thrown upon the much disputed question as to whether insanity, disease tendencies to criminality, physical mutations, and all forms of mental, moral and physical habits can be transmitted directly from parent to child.

At the present time, the scientific world is divided upon the question, and no investigation has yet been made to produce conclusive proofs upon the subject.

Dr. Bancroft's method of procedure is to breed many guinea pigs, and attempt to prove their thesis through bodily mutations. A favorite experiment has been to cut off the tails of several successive generations. As no modification could be noticed in either the form or length of the tail after years of such mutilation, it has been held that physical mutations at birth are not inherited.

To this evolutionary scientists have responded that as it took millions of

The Emporium

CALIFORNIA'S LARGEST—
AMERICA'S GRANDEST STORE.

Making Every Day An August Count

Attracting immense shopping throngs by offering great lots of fine new merchandise that the people want at much below real values. The first week of August business in California's greatest store has been a phenomenal one, and it looks now as though all August records would be broken. Our goods must be right and our prices out of the ordinary, or people, would not continue to come here time and time again. It is difficult to see how any economical person in this city or vicinity—yes, in this or the neighboring States—can in justice to themselves refrain from investigating our methods and prices.

Card Engraving, About One-half Former Prices.

Beginning Monday the big store will revolutionize the visiting card and invitation engraving business in San Francisco. We propose hereafter to do visiting card and invitation engraving for our former prices, and at less than half exclusive stationers' prices today. We guarantee that we will be the very best in the city. Our price for pattern and first instruction, \$1.

BERKELEY, August 11.—An interesting wedding will be celebrated at the Trinity Methodist Church of this city tomorrow evening, when Ernest A. Bailey, a senior in the College of Civil Engineering at the State University will be married to Miss Eva Chamber of Delta, Colorado. Rev. C. K. Jennings will officiate.

On Thursday night, the young people will take no honeymoon. They will reside in Berkeley, where Bailey will complete his course.

BERKELEY, August 11.—Mrs. A. Ryan, who lives on the corner of Russell streets and Otis Avenue, broke her leg Friday evening by falling on a curbing near her residence. Her injuries were promptly attended to and she is now reported as doing well.

BERKELEY, August 11.—Durant Lodge, No. 288, E. and A. M., presented the child of a Friday night before a large number of visiting Masons. After conferring the degree, a banquet was served. The following men spoke briefly: H. V. J. Swan, of Stockton; F. A. Codely, of Tucson; J. W. B. Montgomery, of Chicago; L. B. Church, of Cleveland; R. A. Berry, of Wheatland; H. H. Johnson, H. S. Robinson, and Robert E. Edgar, of Durant Lodge.

BERKELEY, Aug. 11.—Among the entering students at the State University this year will be Miss Zita Bailey, a graduate of the Los Angeles High School, who supported herself during her four years' course there as a night telephone operator in the Gayle Heights District of that city. In recognition of her pluck, and of her many other sterling qualities, her classmates have subscribed to a scholarship fund, and have sent her to the University as their representative.

Miss Bailey's father was a railway engineer, and was killed some time ago, in a smash-up. The United Railway Engineers have taken up the case given them by the students of the High School, and have succeeded in swelling the fund to a total for the first year of \$500.

Miss Bailey will probably enter the college of social sciences.

Our Grand Oriental Bazaar

The Largest and Finest in America.

This beautiful Chinese and Japanese Bazaar is one of the sights of San Francisco; the vast assortment of artistic and decorative goods produced by the cunning Oriental craftsmen is well worth careful inspection and study. The stock embraces:

Cloisonnes	Embroidered Screens	Handkerchiefs
Bronzes	China Ware	Silk Goods
Ivories	Porcelains	Lacquered Ware
Sandal Wood Goods	Carved Goods	Chinese Jewelry
Silk Jackets	Chinese Toys	Ebony Furniture

Both Chinese and white clerks in attendance; prompt attention and service accorded to all visitors, whether purchasing or not. All goods marked in plain figures.

3 Great Introductory Bargains in Our Newly Stocked Suit and Cloak Department, Beginning Monday.

This is one of the six big departments whose leases expired August 1st. We have entirely restocked it with goods of our own, which experienced buyers have been accumulating for the past three months in anticipation of the change. For splendid value, quality, newness and freshness there is not a stock in California that can compare with the great collection of suits and coats. 3 strong lines of these entirely new goods in the very latest up-to-the-moment styles are placed on sale beginning Monday, as follows:

Ladies' Short Cloth Jackets—Style as in picture; made of excellent medium-weight Covert Cloth; lined throughout with good fancy striped taffeta silk; velvet collar; flare sleeves. A garment that you would not think extravagant. Agently priced at \$10.00 for \$5.75.

Ladies' All-Week Suits—In shades of brown, blue and also black. Stylish blouse jackets; as shown in picture, with the new full-finished sleeve with cuff and Peau de Soie facing, with full-cut near-silk drop-skirt. A good \$18.00 value beginning Monday \$12.45.

Ladies' Vacation Cloth Suits—In dark and medium shades of tan; peplins; blouse jackets, as shown in picture, and other styles; lined throughout with a fine quality taffeta silk; handsomely piped skirts made with deep flounce and near-silk drop skirt; price begun Monday \$17.50.

Another Great Sale Beautiful Peau de Soie Silks, 68c

Beginning Monday we shall again show our supremacy as retailers of fine silks. Thousands of yards of handsome Swiss Colored Peau de Soie and Peau Alexandras Coronation silk, perfectly finished fabrics that will outwear any other weaves, will be placed on sale at about half the price they were made to sell for. If you need silks for exquisite gowns or dainty shirt waists and wish to save about half, you must avail yourself of this chance this week, for we positively cannot get any more of this grade to sell at the price. The colors are:

Pink, Blue, White, Cream, Nite, Reseda, Turquoise, Tan, Gray, Cardinal, Castor
--

At the beyond all competition sale price, beginning Monday, 68c.

Another Lot of Those Elegant Silk Waists, \$4.62.

So pleased were our customers with our Great Silk Waist offering last Wednesday, and so numerous have been the inquiries for those Waists since then we have determined to offer another lot, beginning Monday, at the same \$4.62 extraordinarily low price, each.

We have but 350 of the Waists this time—the sample lines from the largest manufacturers in New York. They are very elegant creations in plain Taffetas, Peau de Soie and Pongee Silks, elaborately pleated, tucked and embroidered. The handsomest, the swiftest, finest Silk Waists that have been offered at special sale in this city. If bought in the regular way, no store in America would sell them for less than \$6.45 to \$12.45 each. Better come early to-morrow morning to secure the style, size and color you want.

BERKELEY, Aug. 11.—Superintendent of Schools, Dr. W. W. Johnson, has reported a total enrollment of 2,515 pupils in the grammar schools of Berkeley, 112 more than were enrolled last year. It is expected that at the end of this week the enrollment of the High School, now over 500, will exceed last year's figure by at least 150.
